

### Cut down laundry time

Cut down your washing time with the touch of a button using our Flextime feature. It's perfect for small loads or those days when you're short on time. Standard programmes can be reduced in four increments, meaning you can wash whenever it suits you.

### Voordelen en specificaties

#### Wash on your schedule with Flextime

Your laundry will be ready when you are, thanks to our Flextime option. This feature lets you reduce the cycle duration of standard programmes in four increments so you can create shorter washes. Meaning your clothes are washed quickly and effectively.

#### Clothes stay fresh with SoftPlus

Our SoftPlus programme is the simple way to keep laundry looking and feeling fresh for longer. It works by soaking clothes before the final rinse to evenly distribute the fabric softener. It perfectly cares for your clothes, making it a programme you can't live without.

#### Anti-allergy programme for sensitive skin

Easily and efficiently remove irritants from your laundry with our super-effective anti-allergy programme. It works by thoroughly washing and then steaming your clothes, to make sure allergens are eliminated. It reaches every fibre, giving you great results.

#### Speedy washes – Quick 14-minute programme

We've created the perfect wash for people on the go. Our Quick 14-minute programme is great for washing clothes that have only been worn once, for small loads or for when you're in a hurry. Developed by us to make your life a little easier.

#### Delay Start for convenient washing

The Delay Start feature in our washing machine means that you can do the laundry on your schedule. You can easily pre-programme the cycle to start in three, six or nine hours. It's a simple solution for those busy days.

- Inverter motor: uiterst stil en duurzaam
- Maximale zwiersnelheid: 1400 t/min
- Woolmark Blue gecertificeerd
- Uitgestelde start
- Wascapaciteit: 9 kg
- \* 20% energiezuiniger (36,5) dan energieklasse A+++ (EEI 46), berekend volgens EU-richtlijn 1061/2010
- Programma zijde
- Onbalans-correctiesysteem
- Sensorgeregelde waterdosering
- Anti-schuim spoelsysteem
- Kinderbeveiliging
- Voet: 4 verstelbare voetjes
- Programma's: Katoen, Katoen eco, Synthetisch, Delicaat, Snel, Spoelen, Zwieren/Pompen, Anti-allergie stoom, Machine Clean, Zijde, Wol/Zijde (handwas), Sport, Outdoor, Denim
- Nog energiezuiniger: A+++ -20%

### Technische specificaties

Afmetingen (HxBxD) in mm	850x600x660(max)	Netspanning (V)	230-240
Wascapaciteit (kg)	9	Zekering	10
Energieklasse	A+++ -20%		
Jaarlijks energie- (kWh) en waterverbruik (L)	173,0 - 10390		
Katoen 60°C - energie (kWh), tijd (min)	0.95 - 248		
Katoen 60°C, halve lading - energie (kWh), tijd (min)	0.64 - 209		
Katoen 40°C, halve lading - energie (kWh), tijd (min)	0.61 - 205		
Verbruik in 'uit'-stand (W)	0,30		
Verbruik in stand-by (W)	0,30		
Zwierresultaat	B		
Zwiersnelheid (rpm)	1400		
Referentieprogramma voor energielabel	Standaard katoen 60° halve en volle lading, Standaard katoen 40° halve lading		
Duur van stand-by na einde cyclus (min)	5		
Geluidsniveau wassen (dB)	53		
Geluidsniveau zwieren (dB)	76		
Restvochtpercentage na max. zwieren	52		
Installatie	Vrijstaand		
Kleur	wit
